- Branded Entrance Form
- Flexible deployment
- Geo-Location
- Scheduling

### Video Call Center for Community Colleges

Face-to-Face Video Communications for Enrollment, Academic Advising, Financial Aid, Scheduling, and more.

#### Advanced Video Workflow Solution:

With the evolution of use cases for video since the pandemic, community colleges are looking for a more streamlined approach to establishing virtual meetings between staff and students, especially during registration. Compunetix [Video Call Center](#) (VCC) is an advanced solution for student services that provides virtual access, with or without an appointment, to staff members who oversee enrollment, academic advising, class scheduling, financial aid, administrative meetings, and much more.

Community colleges play a critical role in workforce development across the nation. They provide academic programs and skills training for students who want to transfer to four-year colleges and universities as well as those who want to transition directly into the workforce.

Distance learning makes education and job training more accessible for students. Now, with Video Call Center (VCC), students have the option of communicating with their advisors and administrators face-to-face from a remote location. From academic advising to financial aid, VCC is an intuitive video call center solution.

Effortlessly integrate VCC into your existing website portal and scheduling application for advanced workflow management.
