## Audio Console

customized and secure  
**remote**  
**communications**  
for the legal sector

### Active Talker Identification

- A visual indicator enables the host to easily identify the current speaker.

### Private Sub-conferencing

- Lawyers can initiate up to ten sub-conferences off of the main audio conference.

### Session Recording

- Client and witness meetings can be recorded, much like depositions, to help review key details.

### Dial Out

- Make quick and efficient dial outs to add parties to the audio conference, as needed.
